
Dear Sir/Ma,

MAKE EVERY PAYMENT SIMPLE, SEAMLESS AND CONVENIENT

E-PAYMENT SOLUTION

When payment is easier, doing business becomes easier.

From collecting school fees and membership dues to receiving payments for products, services, events, subscriptions, donations and other transactions, organizations and businesses need a payment process that is convenient for customers and easy to manage.

Yet, many businesses and organizations still rely on multiple payment channels, manual confirmations and disconnected records, making it difficult to efficiently track and reconcile transactions.

Prowbys provides a smarter way to collect and manage payments.

The Prowbys E-Payment Solution enables businesses and organizations to accept digital payments while creating a more convenient payment experience for their customers, members, students, clients and other users.

Prowbys is partnered with a licensed payment gateway in Nigeria approved by the Central Bank of Nigeria (CBN), giving our clients access to a reliable payment infrastructure while Prowbys provides the technology, integration and implementation support.

With the Prowbys E-Payment Solution, you can:

The goal is not simply to give you a way to receive money. It is to create a payment process that works seamlessly with how your business or organization operates.
